A STORM IS COMING...

AND THERE IS NOTHING THE LEFT CAN DO TO STOP IT!

The single best thing Americans can do to counter the left-wing attack on America -- against its freedoms, its schools, its families, its children, its governmental institutions, its sports, its news and entertainment media, its medical establishment, the CIA, the FBI, the State Department and the military -- is to take their children out of America's schools.

Make GITMO Great Again! A Military Tribunal In GITMO: List of Those Believed Named in Over 71,000 Federal Indictments

The list of arrests and executions of famous people should be released early 2022 to the public. The DEEP STATE international network of VIPs that are involved in child trafficking, human rights abuses, corruption and Satanic rituals are being investigated, detained and extracted to Gitmo via sealed indictments enforced by U.S. Special Forces.

There is grounds for cautious optimism that the prospects of "full disclosure" will substantially increase as more corrupt DEEP STATE officials are taken to Gitmo. Their removal from powerful global leadership positions will help greatly in ending their decades-long policies of denying the rest of humanity the benefits of advanced technologies that will revolutionize life all over the planet.
